THREE DAYS. TWO EXPOS. ONE GATEWAY TO CENTRAL EUROPE.

By joining the well-established **12th edition of the LABOREXPO** trade fair and the **3rd edition of the PROCESSEXPO** trade fair, you will connect with professionals from across the entire field of laboratory and process analytics. **Over three days in Prague, these twin expos bring together suppliers, experts, and decision-makers from across the region – offering a unique gateway to the Czech, Slovak, and wider Central European markets.**

Participation in both events comes with no additional registration fee – just one application is required. Exhibitors represented at both fairs will be clearly identified in the Catalogue, Exhibitor List, and within the exhibition area through color-coded booth numbers and fair icons.

More than 90 exhibitors from the Czech Republic, Slovakia, Germany, Switzerland, the Netherlands, France, Poland, China, and other countries are once again expected to present the latest innovations in analytical instrumentation, and process technology.

You have this opportunity only **once every two years** – to be part of the most visited professional event in the Czech Republic. Secure your exhibition space in time and join us in Prague for **LABOREXPO & PROCESSEXPO 2026**.

EXHIBITION PROFILE – **LABOREXPO**

- Laboratory equipment, instruments, accessories, and consumables
- Analytical instrumentation, automation, and robotics
- Measuring instruments and devices
- Pilot-scale and semi-industrial equipment
- Chemicals, gases, reagents, diagnostics, and certified reference materials
- Calibration, maintenance, and repair of laboratory equipment
- Laboratory services / Research and development centers
- Data acquisition and laboratory information management
- Literature and information resources

- Industrial analyzers for process analysis of gases, liquids, and solids
- Process sensors and measuring instruments
- Automatic samplers
- Process recorders, transmitters, and data loggers
- Software tools for PAT system design
- Software for data acquisition and processing
- Calibration, QA, commissioning, and service
- Literature, information resources, and training

VENUE – PVA EXPO PRAGUE

The **LABOREXPO** and **PROCESEXPO** 2026 trade fairs will take place at the **PVA EXPO PRAGUE exhibition center**, located in the Letnany district of Prague. More at www.pvaexpo.cz/en/.

The event will be held in **Hall 3** and the **Entrance Hall III (VHIII)** - modern multifunctional halls offering excellent transport accessibility and ample parking capacity for visitors and exhibitors.

Hall 3 features a rectangular layout with a total area of 4,000 m². It is fully equipped with electricity, water, and waste connections and provides Wi-Fi coverage throughout. The hall allows for suspension of structural or lighting elements (up to 100 kg per point / 4 t per beam) and offers a clear height of 9 m. Entry of large exhibits is possible through doors up to 6 m high, enabling the installation of mobile or oversized displays such as vehicles, trailers, and modular units.

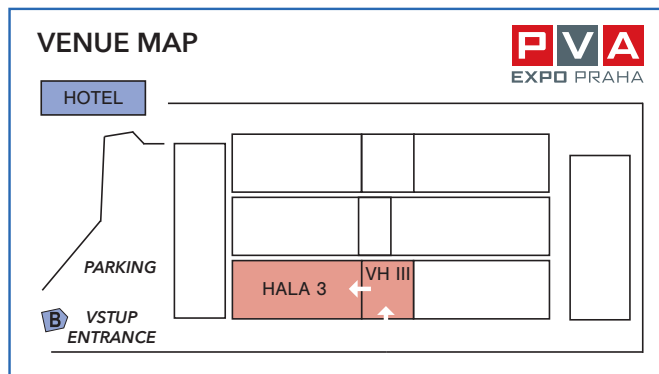

Access to the exhibition area is through Entrance Hall III, which offers all essential facilities – **a restaurant, café, conference rooms, cloakroom, and all necessary amenities** to ensure maximum comfort for both visitors and exhibitors. This area will also serve as the visitor registration point.

Parking will be available for exhibitors also along Halls 3 and 4, as well as within the exhibition grounds. Exhibitors will also have access to **professional catering, logistics, and delivery services** provided in cooperation with the exhibition center operator.

Additional trade fair services, such as a graphic studio and copy center, will also be available within the exhibition complex.

The WE Hotel, located within the PVA EXPO PRAGUE complex, offers **105 comfortable rooms, a lobby bar, a restaurant, and six modern meeting rooms** suitable for business meetings, small conferences, or presentations for up to 20 people.

More information at www.we-hotels.com.

PROFESSIONAL STAND DESIGN AND CONSTRUCTION

Exhibitors may choose to have their stands built by their own contractor or use the services of the officially recommended exclusive stand supplier – **K2 STUDIO**.

K2 STUDIO is a renowned and reliable company, well-proven through its long-term cooperation with the organizer in previous editions of the fairs with experiences around the Europe. The company offers complete turnkey exhibition stand solutions – from standard modular systems to custom-designed and tailor-made constructions. Each client receives an individual design proposal corresponding to their objectives and budget, including 3D visualizations and all technical documentation.

K2 STUDIO also provides graphic design and production of company logos, large-format printing, banners, and 3D illuminated wall or logo elements. In addition, it supplies AV equipment, furniture, and all necessary accessories for complete stand furnishing.

The company also offers modern backlit stands with full-surface graphic walls, representing a current trend that combines simplicity, high visual impact, and cost efficiency.

K2 STUDIO works in close cooperation with the fair organizer and the PVA EXPO PRAGUE venue operator, and therefore knows the exhibitors' needs as well as all technical specifications of stand construction at this exhibition center.

The company also provides portable presentation systems, including:

- roll-ups, flags, tents
- advertising panels and displays
- modular exhibition systems
- brochure stands

For more information and stand quotations, please visit www.k2studio.cz or contact directly Mr. Koranda, T: +420 773964776, jindrich.koranda@k2studio.cz.

PROMOTION BEFORE AND DURING THE TRADE FAIRS

Engage visitors before they arrive - and keep their attention throughout the event!

The **LABOREXPO** and **PROCESEXPO** trade fairs are not only an exceptional opportunity to present your products, technologies, and services, but also an ideal platform for a wide range of marketing and promotional activities that will strengthen your brand, increase interest in your stand, and help you gain valuable new contacts.

All the activities listed below are actively promoted by the organizer - through the official websites, social media channels, and the **CHEMAGAZÍN** trade journal, and the Main media partner, which publishes a special fair edition.

- **TOP PRODUCT** - The traditional exhibit competition, divided into three categories - Analytical Laboratory Technology, Laboratory Equipment & Instruments, and Process Analytics. Gain maximum media visibility for your innovations before, during, and even after the events.
- **SAMPLE TESTING - INTERACTIVE PRESENTATION** - Attract visitors by allowing them to test their own samples on your instruments directly at your stand! This interactive form of presentation is among the most engaging and sought-after activities of the fairs.
- **PRODUCT LAUNCH** - Two months after the international analytica trade fair in Munich, LABOREXPO & PROCESEXPO provide the perfect timing to introduce new products, instruments, or technologies to domestic customers. Use the fairs as an ideal platform for your product launch on the Czech and Slovak markets.
- **WORKSHOPS AND PRODUCT PRESENTATIONS** - Invite visitors to your company workshop or presentation during the trade fairs and take full advantage of the event's synergies! The exhibition halls offer suitable rooms.
- **MOBILE LABORATORIES** - Make an impression even before visitors enter the hall! Mobile laboratories, trailer-based exhibits can be placed in the outdoor area directly in front of the exhibition hall, creating a striking focal point that captures immediate attention.
- **COMPETITIONS** - Visitors can take part in raffles organized by the fair or engage in interactive contests at your stand. Support visitor engagement through fun and entertainment that helps strengthen personal connections with your customers.

EXHIBITOR REGISTRATION PROCEDURE

Registration for **LABOREXPO & PROCESXPO 2026** can be completed online via the **Exhibitor Registration Form** available on the official website: www.labor-proces-expo.cz/en/for-exhibitors. Vyplněné údaje, včetně požadavků na velikost a typ výstavní plochy, slouží jako podklad pro přípravu smluvních dokumentů.

Please fill in all required information, including the requested stand size and type, which will serve as the basis for preparing your contract documents. **The deadline for exhibitor registration is April 30, 2026.** After this date, participation will be possible only for exhibitors for whom a suitable exhibition space and required services can still be arranged in time.

ALLOCATION OF EXHIBITION SPACE

Exhibition space is allocated according to: the date of registration, the requested stand size and type, and the availability of free space. Until January 31, 2026, space will be reserved for exhibitors from the previous edition. After this date, any unconfirmed space will be released for new exhibitors or for adjustments to existing layouts. Contact the organizer for the current exhibition floor plan.

REGISTRATION FEE, CONTRACT, AND INVOICING

Once the application has been confirmed and space allocated, the exhibitor will receive an invoice for a non-refundable registration fee (exceptions apply only if the fair is cancelled by the organizer). After that, the exhibitor will receive a quotation for stand rental and services, along with the terms and conditions of participation. A 100% advance payment for the exhibition space must be made no later than one month before the start of the fair. Additional services (e.g. electricity, water, parking, cleaning, etc.) will be invoiced after the event and included in the final invoice, issued within 14 days after the end of the fair.

Connections for electricity, water, waste, cleaning, and other supplementary services are provided by the fair organizer. The deadline for ordering services is April 30, 2026.

EXHIBITION CATALOGUE

Each exhibitor (or co-exhibitor) will be listed in the official fair catalogue. The entry includes: company name, full-colour logo, contact information, and a company profile in both Czech and English. The catalogue submission deadline is also April 30, 2026.

EXHIBITION SPACE RENTAL PRICES

STAND TYPE	PRICE UNTIL JANUARY 31, 2026	PRICE FROM FEBRUARY 1, 2026
Row stand	135 €/m ²	160 €/m ²
Corner	150 €/m ²	170 €/m ²
Island	170 €/m ²	190 €/m ²

The minimum rentable exhibition space is 3 × 2 m (width × depth).

REGISTRATION FEE

Exhibitor ... 130 € / Co-exhibitor* ... 340 €

The registration fee is non-refundable. In addition to administrative costs, it incl.:

- Entry in the Exhibitor List on the fair website, with a short company profile and a hyperlink to the exhibitor's homepage.
- Entry in the official exhibition catalogue, including a full-colour logo, contact details, and a short company profile (in Czech and English).

DEADLINES AND REGISTRATION

- **Registration for the fair can be completed via the online form available at: www.labor-proces-expo.cz/en/for-exhibitors.**
- Exhibition space is allocated based on the date of registration, requested size and type of stand, and the availability of free space.
- The registration fee is invoiced after space allocation and confirmation of participation.
- The registration deadline is April 30, 2026.

DISCOUNTS		
5 %	10 %	15 %
Space ≥15 m ²	Space ≥20 m ²	Space ≥30 m ²

Individual discounts available for spaces larger than 40 m².

CONTACT

The organizer of the trade fair is the publisher of the CHEMAGAZÍN journal, which also serves as its main media partner.
